

FOR IMMEDIATE RELEASE

Althing Clinic Stands Strong in Austin and Plans Expansion of Access to Vital Same-Day Healthcare as others Retreat in Austin and Albert Lea

AUSTIN, MN & ALBERT LEA, MN – June 20, 2025 – As access to conveniently embedded health services in the Austin and Albert Lea areas appear to diminish, leaving residents with fewer options for same-day and walk-in care, Althing Clinic is proud to reaffirm its unwavering commitment to these communities. For nearly five years, Althing Clinic has consistently delivered exceptional patient experiences from its Riverland Austin location, and is now expanding its presence to ensure that all residents not only retain, but also gain, access to crucial, same-day and walk-in healthcare services.

Althing Clinic remains a steadfast pillar of support, continuing to offer the **fastest, most equitable, and affordable care in the state**. The clinic's dedication to the well-being of Austin and Albert Lea is evident in its decision to broaden its reach. Currently, Althing Clinic's Riverland Austin location provides a comprehensive suite of services, including **same-day convenience and urgent care, primary care, on-site labs, and vital behavioral health support**. These services are available with extended and weekend hours, reflecting Althing's commitment to accessibility.

"We recognize the growing challenges our communities face in accessing timely and essential healthcare," said Katja Kressmann, GM of Althing Clinic. "Our expansion into new locations and the extension of our hours are direct responses to this need. We are here to ensure that the residents of Austin and Albert Lea have reliable and high-quality options for their health, especially when they need care most" said Ariel Martin, Clinic Manager.

The same high-quality services, including **same-day primary care, walk-in convenience and urgent care, labs, and behavioral health**, will soon be available at Althing Clinic's new locations, further cementing its role as a cornerstone of modernized community health.
